SUMMARY

Having achieved excellent grades at IT Level 2 Diploma and GCSE Math's and English at Cambridge Regional College Last year and have now been predicted to do the same on my level 3 course. I am very keen to pursue a career in the IT industry. Throughout my course, I've proven an aptitude for IT and made notable achievements in my studies this combined with my ability of problem solving, customer service and resourcefulness would make me an excellent candidate for this role.
